## What are the Summer Academy to Inspire Learning (SAIL) Programs?

SAIL programs are FREE one-week summer programs hosted on the University of Oregon campus, where high school students learn about the various subjects from distinguished University of Oregon faculty members through fun social and interactive activities. SAIL offers Day and Residential Program options. The Residential Program is more competitive due to limited capacity, and a completed essay is added to the application. Students will enjoy packed day and evening activities, as well as an “Experience Eugene” evening. During the academic school year, the SAIL program provides pre-college mentoring programs facilitated by UO college students. Our mentors work in local schools providing near peer connections to college resources, college planning, goal setting and career exploration.
